

ÉVIAN RESORT
CASINO

THE ENTERTAINMENT CAPITAL OF ÉVIAN

Located right in the heart of the town of Evian, the Casino is an iconic venue that offers three restaurants, a bar, gaming, and organises events and shows all year round. From 2021 to 2024, grand scale renovation work was carried out to restore the legendary building to its original splendour. Evian Resort entrusted this project to Philippe Prost's prestigious architect firm AAPP and Atelier Ricou, whose artisans carry out heritage restoration.

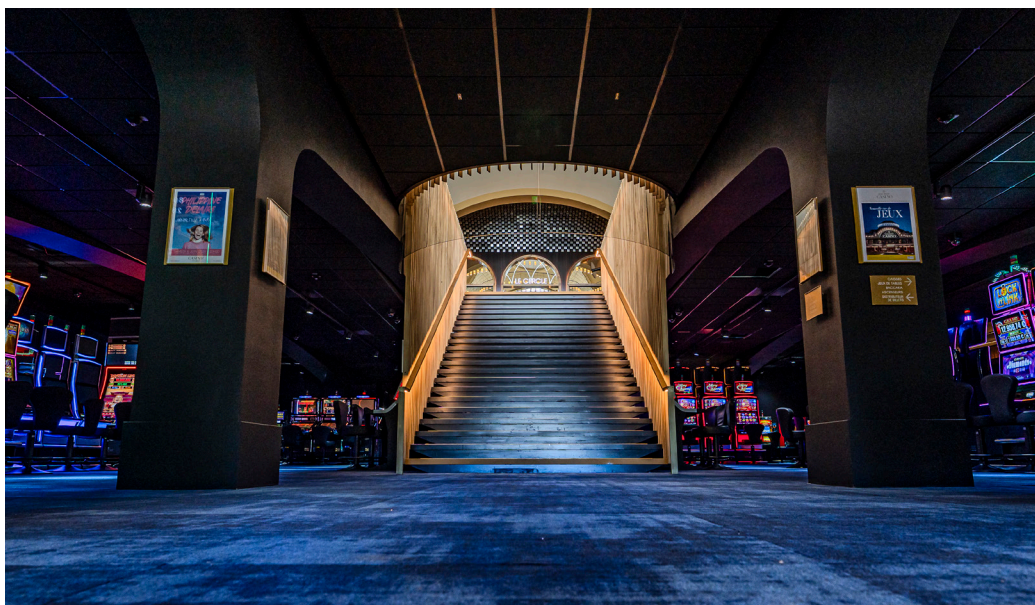

HISTORY

At the end of the 1870s, the Baron of Blonay, at that time Mayor of the town, bequeathed his family chateau to the town, in order to open a «gaming house» worthy of the name. The building occupied one of the best locations along the lake front and from 1982 was managed by the Evian Mineral Water

Company. It was the architect Jean-Albert Hébrard, who also worked on the Cachat pump room and Hôtel Royal, who rebuilt the central part of the Casino's current building from 1912 onwards and gave it a strong architectural identity inspired by Byzantine design.

CASINO THEATRE

Built by architect Jules Clerc, a pupil of Charles Garnier, and inaugurated in 1885, the casino theatre is a masterpiece of neoclassical art. Named the Antoine Riboud Theatre in honour of the founder and chairman of Danone, this architectural gem is classed as a historic monument. A varied line-up of events is scheduled throughout the year and includes plays, comedy, magic and musical performances.

EVIAN CASINO'S *Revival*

Philippe Prost's architect firm AAPP is recognised for its heritage renovation projects. It studied the venue's past and its strengths to then propose the most fitting contemporary project. The challenge was to enhance the 1912 building while preserving its character. The redesigned façade, with its contemporary wave-like forms and transparent elements, evokes the movement of the lake and beckons visitors inside.

A long, spectacular staircase denotes the entrance to the Casino, leading to the upper floor to the large bar Le Cercle and slot machines, housed under the iconic 25-metre high dome, whose original frescoes have been restored.

A number of further rooms are used for entertainment. In expanded and enhanced spaces that ensure a private and comfortable

gaming experience, there are 190 slot machines, 22 electronic English roulette machines, 7 electronic blackjack machines, 2 French roulette tables, 3 English roulette tables, 3 blackjack tables and 1 ultimate poker table.

Evian Casino is not simply an iconic entertainment venue but is also a place for gathering with others and social interaction at one of several meeting points.

La Terrasse du Baron, a contemporary brasserie that serves revisited French cuisine to be enjoyed during fine weather on the vast lake view terrace; Umberto showcases the flavours of Italy, Le Baccara offers fine casual dining in the table games area, and finally the Le Cercle bar serves snacks at any time of the day or night. Le Cercle is located in the slot machine area, therefore access is restricted to over 18 years-old only.
